## **New Garage Opening Near City-County Building**

INDIANAPOLIS – On Monday, April 16, parking on the 100 block of E. Washington St. will become a little easier due to the opening of a new, seven-story, fully-automated parking garage at 120 E. Washington St. The 345-space garage built by Hagerman Construction Corp. holds spaces for the public as well as spaces that are currently available for monthly lease. The garage is within two blocks of the City-County Building, Circle Centre and Conseco Fieldhouse. A secure environment will be maintained in the garage through the placement of multiple cameras throughout the structure. The parking garage is owned by 110 Parking Associates, LLC.
